VOLUME 201, ISSUE 1 **1 NOVEMBER**

Special Section: Restoration Research on Degraded Forest Ecosystems

Preface 1

The restoration of forest biodiversity and ecological values
J. Sayer, U. Chokkalingam and J. Poulsen (Bogor, Indonesia) 3

Landscape rehabilitation of degraded tropical forest ecosystems. Case study of the CIFOR/Japan project in Indonesia and Peru
S. Kobayashi (Ibaraki, Japan) 13

Natural restoration of deforested woodlots in South Korea
D.K. Lee, H.S. Kang and Y.D. Park (Seoul, Republic of Korea) 23

Degradation and restoration of forest ecosystems in China
L. Wenhua (Beijing, China) 33

Strategies for restoration of forest ecosystems degraded by forest fire in Kangwon Ecoregion of Korea
J.H. Shin and D.K. Lee (Seoul, Republic of Korea) 43

Deforestation and reforestation needs in Mongolia
J. Tsogtbaatar (Ulaanbaatar, Mongolia) 57

Russian Far East forest disturbances and socio-economic problems of restoration
L.G. Kondrashov(Khabarovsk-Center, Russia) 65

The role and activities of NGOs in reforestation in the northeast Asian region
K.H. Moon and D.K. Park (Seoul, Republic of Korea) 75

The restoration of research
J. Burley (Oxford, UK) 83

Regular articles

Effects of climate on radial growth of Norway spruce and interactions with attacks by the bark beetle *Dendroctonus micans* (Kug., Coleoptera: Scolytidae): a dendroecological study in the French Massif Central
C. Rolland and G. Lempérière (Grenoble, France) 89

Does size matter? On the importance of various dead wood fractions for fungal diversity in Danish beech forests
J. Heilmann-Clausen and M. Christensen (Frederiksberg, Denmark) 105

Response of seedlings of two *Eucalyptus* and three deciduous tree species from Ethiopia to severe water stress
J. Gindaba (Dire Dawa, Ethiopia), A. Rozanov (Matieland, South Africa) and L. Negash (Addis Ababa, Ethiopia) 119

Impacts of atmospheric deposition on New Jersey pine barrens forest soils and communities of ectomycorrhizae
J. Dighton, A.R. Tuininga, D.M. Gray, R.E. Huskins and T. Belton (New Lisbon, NJ, USA) 131

VOLUME 201, ISSUES 2–3 **15 NOVEMBER**

Regular articles

Compatible height and site index models for five pine species in El Salto, Durango (Mexico)
J.J. Corral Rivas (Göttingen, Germany), J.G. Álvarez González, A.D. Ruíz González (Lugo, Spain) and K. von Gadow (Göttingen, Germany) 145

doi:10.1016/S0378-1127(04)00681-4

Experimental study for increasing productivity of *Boletus edulis* s.l. in Italy
E. Salerni and C. Perini (Siena, Italy) 161
Can we reconstruct browsing history and how far back? Lessons from *Vaccinium parvifolium* Smith *in* Rees
B. Vila, F. Torre, F. Guibal (Marseille, France) and J.-L. Martin (Montpellier, France) 171
Site index curves and growth model for Mediterranean maritime pine (*Pinus pinaster* Ait.) in Spain
A. Bravo-Oviedo (Madrid, Spain and Palencia, Spain), M.D. Río and G. Montero (Madrid, Spain) 187
Frost sensitivity and nutrient status in a fertilized Norway spruce stand in Denmark
A.M. Jönsson, M. Ingerslev and K. Raulund-Rasmussen (Hørsholm, Denmark) 199
Growth, photosynthesis, and needle structure of silver fir (*Abies alba* Mill.) seedlings under different canopies
P. Robakowski, T. Wyka, S. Samardakiewicz and D. Kierzkowski (Poznan, Poland) 211
Effects of logging residue removal on ground-active beetles in temperate forests
B. Gunnarsson, K. Nittérus and P. Wirdenäs (Göteborg, Sweden) 229
The effects of environment and life stage on *Quercus* abundance in the eastern deciduous forest, USA: are sapling densities most responsive to environmental gradients?
R.J. Collins (Swarthmore, PA, USA) and W.P. Carson (Pittsburgh, PA, USA) 241
Single versus multiple objective genetic algorithms for solving the even-flow forest management problem
E.I. Ducheyne, R.R. De Wulf and B. De Baets (Gent, Belgium) 259
Silvicultural and pathological evaluation of Scots pine afforestations mixed with deciduous trees to reduce the infections by *Heterobasidion annosum* s.s.
V. Lygis (Kaunas, Lithuania), R. Vasiliauskas, J. Stenlid (Uppsala, Sweden) and A. Vasiliauskas (Kaunas, Lithuania) 275
Distribution and habitat use by red and roe deer following a large forest fire in South-western Poland
J. Borkowski (Raszyn, Poland) 287
Thinning intensity and long-term changes in increment and stem form of Norway spruce trees
H. Mäkinen and A. Isomäki (Vantaa, Finland) 295
Thinning intensity and growth of Scots pine stands in Finland
H. Mäkinen and A. Isomäki (Vantaa, Finland) 311
Comparison of methods for sampling Thysanoptera on basswood (*Tilia americana* L.) trees in mixed northern hardwood deciduous forests
S.M. Werner, E.V. Nordheim and K.F. Raffa (Madison, WI, USA) 327
Forty years of silvicultural management in southern *Nothofagus pumilio* primary forests
G. Gea-Izquierdo (Madrid, Spain), G.M. Pastur (Tierra del Fuego, Argentina), J.M. Cellini
(Tierra del Fuego, Argentina and Buenos Aires, Argentina) and M.V. Lencinas (Tierra del Fuego, Argentina) 335
